

Who Lives in Assisted Living?

Who are these people living in your communities? The *2006 Overview of Assisted Living*, published by the American Association of Homes and Services for the Aging, American Seniors Housing Association, Assisted Living Federation of American, National Center for Assisted Living, and National Investment Center for the Seniors Housing & Care Industry, provides the data.

85 Years average age of AL resident
(average age of residents, not
age on entering facility)

76% are women

70.9% are widowed

27 Months average length of stay

On average, residents need help with the following activities of daily living (ADLs):

68% bathing

47% dressing

34% toileting

25% transferring

22% eating

91% housework

86% medication management

Why use Daverci as your eMAR provider?

Take the anxiety out of eMARs

- Market tested over 3 years
- Truly mobile solution not tied to med carts
- So easy you can teach yourself
- eMAR that is conformed to your needs
- Time tested processes to transition to eMAR
- Hardware and software fully installed
- Residents and orders setup for you
- 24 x 7 end-user support on software and hardware

You have concerns about eMARs, like whether your staff will accept working with a new technology. You may not be sure what is required in terms of getting the proper equipment, setting it up, how to get people trained, or even where to get started. Daverci and your pharmacy partner take the anxiety out of eMARs. We take care of it all for you.

"It's a great tool for new staff. Anybody can step in without a whole lot of training."
— Cory Meyer, VOA
